NO.	QUESTION	ANSWER
3.	Who is eligible to subscribe to Unifi Cloud Storage?	 Any MSME with a valid Business Registration Number (BRN) registered with Suruhanjaya Syarikat Malaysia (SSM) can subscribe to Unifi Cloud Storage. MSME will have the option to register the BRN with SSM in the new
		twelve (12)-digit format or old format, for example AMS Setia Jaya Sdn. Bhd. Registration No.: 201901000005 (new format) or Registration No.: 1312525-A (old format).
4.	How many Unifi Cloud Storage plans can I subscribe to?	 You are eligible to subscribe to multiple Premium plans such as Basic, Standard, Advance & Enterprise (Unlimited) and add-on plans (up to 3TB storage and up to 15 users). However, you can only subscribe to the Freemium plan once.
5.	Why are there two different price points for each Unifi Cloud Storage plan?	 The two different price points are to differentiate the offerings for existing TM connectivity customers and non-TM connectivity customers.
	Storage plan:	 Existing TM connectivity customers (Unifi Biz / Biz Broadband / Telephony service / Unifi Mobile Biz) who already have an active account with TM during the application/upgrade/downgrade of Unifi Cloud Storage will enjoy a special price. Otherwise, you will enjoy a non-TM customer price.
6.	What language is supported by Unifi Cloud Storage?	 Unifi Cloud Storage system is able to support both English and Malay languages.
7.	How will I receive any notifications related to Unifi Cloud Storage during my subscription?	 You will receive email notifications from <u>no-</u> <u>reply@cloudstorage.unifi.com.my</u>
8.	Why do I have to verify my email?	 Your security is important to us. Verifying your email address let us know that you indeed own the email address and allows us to assist you better if you need any support.
		 To verify your email address, you need to follow the link that we sent to you during the sign-up process.
		 For any request to upgrade or cancel your subscription, we will send a one-time password (OTP) verification to your email before you can make changes to your plan.
9.	What can I do if I forgot my password?	 You can request to set for a new password by performing the following steps:

NO.	QUESTION	ANSWER
		 Click "Forgot password" at the sign in page. Enter your email address that you used to register the account. Check your email and follow the instructions to set up your new password.
10.	If I face any issues with Unifi Cloud Storage, who do I reach out to for assistance?	 You may reach out to us via the following channels to get assistance on solving issues related to Unifi Cloud Storage: Digital Platforms: Live Chat via <u>https://maya.unifi.com.my/</u> or MyUnifi app Facebook @weareunifi X (Twitter) @unifi Email <u>help@tm.com.my</u> Contact Unifi Call Centre at 100 Walk in to the nearest TMpoint/Unifi Store outlets.
	'	Subscription and Payment
11.	Am I allowed to upgrade or downgrade my Unifi Cloud Storage plan when my account is suspended?	 If your account is suspended, you are not allowed to upgrade or downgrade your Unifi Cloud Storage plan. You need to make payment first for the outstanding charges and resume the account before requesting for any upgrade or downgrade.
12.	How will my contractbe impacted if I upgrade or downgrade my Unifi Cloud Storage plan?	 You have the flexibility to upgrade or downgrade your plan at any time you wish. You will be bound to a renewed 12-month contract for each upgrade or downgrade from the date of plan change.
13.	How do I change mysubscription plan or subscribe to user and storage add-ons?	 Any changes to your subscription such as upgrade, downgrade, add on user/storage and termination can be done via <u>Unifi Cloud Storage</u> portal.
14.	Can I extend the usage of Unifi Cloud Storage Freemium plan?	 Freemium plan has a maximum usage period of one (1) month only and you cannot extend it after the expiry date, unless you upgrade to one of the Premium plans i.e. either Basic, Standard, Advance or Enterprise plan.
15.	How long can I enjoythe Unifi Cloud Storage Freemium plan?	 You can enjoy Unifi Cloud Storage Freemium plan for up to one (1) month. We will notify you on the plan expiry within seven (7)-days prior to its expiry date and on the expiry date via email from <u>no-reply@cloudstorage.unifi.com.my</u>

NO.	QUESTION	ANSWER
16.	What will happen to my subscription oncethe Unifi Cloud Storage Freemium plan expires?	 Once the Unifi Cloud Storage Freemium plan expires, you will receive an email from <u>no-reply@cloudstorage.unifi.com.my</u> <u>prompting you</u> to upgrade to the Unifi Cloud Storage Premium plan. Your stored data will be lost if you choose not to upgrade to a Premium plan.
17.	How do I upgrade myaccount to the Premium plan?	 If your current plan is Unifi Cloud Storage Freemium, the following steps would allow you to upgrade your account to a Premium plan: Go to "Plan Management" Click "Change plan" > Select the plan that you prefer at "Upgrade" Click "Submit". We will receive your upgrade request and revert to you upon successful activation.
18.	How do I change myUnifi Cloud Storage subscription plan?	 Here are some points that you should be aware of before changing your plan: If your current plan is Unifi Cloud Storage Enterprise, you cannot upgrade your plan since it is the highest plan. If your current plan is Unifi Cloud Storage Basic, you cannot downgrade your plan since it is the lowest plan. The following steps below would allow you to change your plan: Go to "Plan Management" Click "Change plan" > Select the plan that you prefer at "Upgrade" Click "Submit". We will receive your upgrade request and revert to you upon successful activation.
19.	How do I check if I have successfully changed my subscription plan?	 After you have successfully changed your subscription plan, you can check the updated subscription as follows: Go to "Plan Management" > Change It will show your current plan which should be the most recent plan that you have changed to.
20.	How can I make billpayment for Unifi Cloud Storage?	 We recommend that you subscribe to TM Autopay Service for automatic monthly deduction from your preferred saving/current bank account or credit/debit card (Local Issued Bank only). You can make bill payments via the following channels: Unifi Selfcare portal at https://selfcare.unifi.com.my/ MyUnifi app (Downloadable via Google Play Store, Apple AppStore and Huawei AppGallery)

NO	QUESTION	ANSWER
37.	The download progress hangs during the download, what should I do?	 Please check your internet connection and try downloading the file again.
38.	What should I do if my file gets lost during the upload to Unifi Cloud Storage?	 Please check your internet connection and try uploading the file again.
39.	What should I do if my sharing link is missing?	 Please review the file-sharing options and try the following troubleshooting tips: 1. Double-check the file-sharing settings. 2. Verify the expiration date for the shared link; it may have expired. 3. Ensure the shared link is correct. 4. Contact the file/folder owner as they may have changed the settings.
40.	My file is not appearing after a successful upload toUnifi Cloud Storage.	 Please refresh your browser or check your internet connection. Your file will appear when your internet connection is stable.

NO	QUESTION	ANSWER
		Login and Access
41.	Why am I unable to log in to Unifi Cloud Storage?	 Please make sure your username and password are correct. If you still cannot log in to Unifi Cloud Storage, please contact your administrator to reset your password.
42.	Why am I unable to access Unifi Cloud Storage portal?	 Please refresh your browser or check your internet connection. Kindly ensure your internet connection is stable.
43.	What should I do if I forget my password?	 You can use the self-service password reset feature on the CSS sign-in page by clicking on the "Forgot Password" link. If your problem still persists, please contact your administrator to reset your password.
44.	Why is Two-Factor Authentication (2FA) required during sign in?	 We're committed to ensure the utmost security to safeguard your data from unauthorised access. Starting from 20th March 2024 onwards, an additional layer of security will be implemented through Time-based One-Time Password (TOTP).
45.	What is Two-Factor Authentication (2FA)?	 Two-Factor Authentication (2FA) is a security system that requires an additional layer of security to gain access to your Unifi Cloud Storage account.
46.	How do I register and use the Two- Factor Authentication (2FA)?	 If you are an admin, please follow the steps below to sign in: 1. Firstly, you will need to download the Microsoft Authenticator app from the Google Play Store or Apple App Store to your device. 2. Go to Admin Portal: <u>https://admin.cloudstorage.unifi.com.my/</u> then log in to your account with your username and password. 3. For first time login, the Two-Factor Authentication (2FA) will appear. 4. Open the Microsoft Authenticator app and scan the QR code. 5. One-Time Password (OTP) will be generated. Key in the displayed OTP to the Unifi Cloud Storage dashboard. 6. For subsequent logins, you are only required to get OTP from the Microsoft Authenticator app and key in the OTP to the Unifi Cloud Storage dashboard.
		 If you are a user, please follow the steps below to sign in: 1. Firstly, you will need to download the Microsoft Authenticator app from the Google Play Store or Apple App Store to your device. 2. Go to User Portal: <u>https://cloudstorage.unifi.com.my/</u> then log in to your account with your username and password. 3. For first time login, the Two-Factor Authentication (2FA) will appear.

		 Open the Microsoft Authenticator app and scan the QR code. One-Time Password (OTP) will be generated. Click on TOTP (Microsoft Authenticator app) to verify. Key in the displayed OTP to the Unifi Cloud Storage dashboard. For subsequent logins, you are only required to get OTP from the Microsoft Authenticator app and key in the OTP to the Unifi Cloud Storage dashboard. If you are signing in using app, please follow the steps below: Firstly, download the Microsoft Authenticator app from the Google Play Store or Apple App Store to your device. Open the Unifi Cloud Storage app and then log in to your account with your username and password. For first time login, the Two-Factor Authentication (2FA) will appear. Open the Microsoft Authenticator app and tap on "+" sign at the top right of the app. Choose 'Other' and enter the secret key code. One-Time Password (OTP) will be generated. Tap on 'TOTP (Authenticator App)' to verify. Key in the displayed OTP code and tap 'Verify'. Tap on 'TOTP (Authenticator App)' again to verify. OTP code will be generated. Key in the displayed OTP code and tap 'Submit'. For subsequent logins, you are only required to get OTP from the Microsoft Authenticator app and key in the OTP to the Unifi Cloud Storage dashboard.
47.	What should I do if I lose the device, change the device, uninstall the Microsoft Authenticator app or unable to access the two-way authenticator?	 You need to reset the two-way authenticator by following the steps below: Log in to your Unifi Cloud Storage account using your current username and password. Reset the Two-Factor Authentication (2FA). Key in your registered email address and click 'Submit'. Check your Inbox for email from no- reply@cloustrorage.unifi.com.my and click the link to reset. Proceed to re-login and register the Two-Factor Authentication (2FA) accordingly.
		Quota Management
48.	What should I do if I exceed my quota?	 You need to clean up your files or request your administrator to increase your Unifi Cloud Storage quota. If your quota is full, you won't be able to upload any files until you free up some space.

49.	How to add quota in Unifi Cloud Storage?	 For user: To increase your quota, please contact your administrator (SME Admin). Only administrator can manage the user storage quota. For administrator: You can manage a user's quota under the "User Management" menu by editing the selected user in the users list: Under "User Management," click "Edit" on specific user Change User Quota Save Changes. For additional storage, you can upgrade your existing plan through the portal management system.
		User Management
50.	I am an Admin to Unifi Cloud Storage, but I am unable to create users. What should I do?	 Please check the features of your current plan to see how many users are allowed. If you exceed the total number of users, you can either upgrade your plan or choose from our Add-On plans. If you are still not exceeding the total number of users, please log a complaint by contacting TM via: Digital Platforms: Live Chat via <u>https://maya.unifi.com.my/</u> or MyUnifi app Facebook @weareunifi X (Twitter) @unifi Email <u>help@tm.com.my</u> Contact Unifi Call Centre at 100 Walk in to the nearest TMpoint/Unifi Store outlets.
