4	Is there a contract period for the Unifi SMART Internet plans?	Yes, a 24-month contract is applicable for these plans.																					
5	Among the benefits of Unifi	Should there be any service downtime, we aim to restore your services within 24 working hours.																					

	SMART Internet is “Restoration time of up to 24 working hours”. What does this mean?	The 24 working hours are based on our operation hours – from 8:30 am to 5:30 pm (from Sunday to Thursday for Kedah, Kelantan, Johor, and Terengganu; from Monday to Friday for other states) excluding public holidays.
SERVICE AVAILABILITY		
6	Where is Unifi SMART Internet available?	You can check for Unifi coverage in your area here https://Unifi.com.my/check-coverage
7	Can I subscribe to Unifi SMART Internet plans in VDSL areas?	We’re sorry. The Unifi SMART Internet plans are currently only available in FTTH areas.
REGISTRATION		
8	How do I subscribe to the Unifi SMART Internet plans?	- You can subscribe to our Unifi SMART Internet plans via: - Unifi portal https://unifi.com.my/ - Any nearest TMpoint/Unifi Store outlets nationwide https://unifi.com.my/support/find-tm-point - Unifi Authorised Resellers <i>Note: Non-Malaysians can only subscribe via TMpoint/Unifi Store outlets.</i>
9	What devices are provided with the Unifi SMART Internet plans?	- We provide the following devices with every Unifi SMART Internet subscription: 1 x BTU 1 x Dect phone 1 x Unifi SMART Internet Router 1 x Unifi SMART Internet Mesh (if applicable) - AGINET App (downloadable from App Store / Google Play Store) - Biz 5G Wireless Backup subject to address within 5G coverage area (For more info, please refer https://biz.unifi.com.my/tnc-and-faq/faq/smart-internet)
INSTALLATION		
10	When will my Unifi SMART Internet service be activated?	Your Unifi SMART Internet service will be activated within seven (7) days from the date of your registration.
11	How long does it normally take for Unifi SMART Internet to be	- Installation and testing are expected to take approximately 4 to 8 hours depending on the premises type due to the delicate nature and complexity involved in fiber installations. - The installation processes include site survey, ducting, piping, electrical work and equipment configurations.

	installed and tested?	
12	Am I allowed to appoint my own contractor to perform internal wiring?	• Yes, you may call your own contractors to do the internal wiring. • Please note that Unifi will not be liable for any damages resulting from any work done by third parties.
13	What are the charges for installation fees and equipment?	• The installation charge for Unifi SMART Internet is RM200 (<i>currently waived for standard installation for the first 50 metres only</i>). • If your premises requires non-standard installation or additional cabling, extra charges will be imposed by our contractors.
VOICE OFFERING, DOWNLOAD & UPLOAD SPEED		
14	What are the voice call charges under the Unifi SMART Internet plans?	• Under Unifi SMART Internet plans, calls from Fixed to Fixed and Fixed to Mobile will be charged 20 sen/min (including local calls). • Check out our latest campaign on the complimentary voice minutes here.
15	Why is the upload speed different from the download speed?	• Unifi is committed to providing our customers with high bandwidth and improved connectivity. Common activities by our business customers require higher download speed for a seamless internet experience, for instance: Video streaming, social networking, file downloading, etc. On the other hand, common genuine upload usage which includes VoIP, FTP, CCTV video streaming and other high-latency applications require less than 5Mbps upload speed. • With the feature of Unifi SMART Internet's Content Filtering, you can further optimise the speed of your internet by blocking unwanted websites and non-authorised devices, so that you will get the most from your bandwidth to focus on what matters most for your business.
16	I am currently on a 30Mbps plan but I require higher upload speed. What should I do?	• Unifi SMART Internet offers wide range of plans up to 1Gbps. We recommend you upgrade to a higher plan to enjoy the maximum upload speed that we have to offer.
UPGRADE / DOWNGRADE		
17	Can I upgrade my existing Unifi biz plan to Unifi SMART Internet plan?	• Yes, absolutely! You can upgrade your existing Unifi Biz plans to Unifi SMART Internet plans without any hassle.

18	I want to upgrade my existing Unifi Biz package to Unifi SMART Internet. Will I be required to pay for any penalty fee?	• Don't worry. Upgrading your existing Unifi Biz package is a breeze! You will not have to pay any upgrade or penalty fee when you change your package to a higher plan. • As for commitment, the new plan will come with a new 24-month service contract.
19	Can I use my existing equipment (CPE) when I upgrade to Unifi SMART Internet plan?	• We will provide you new CPE that will be compatible with the Unifi SMART Internet app that you can download from the Google Play Store or Apple App Store.
20	Where can I apply to change my existing Unifi Biz plan?	• Any request to change your current Unifi Biz plans can be done at all TMpoint/Unifi Store outlets nationwide, TM Authorised Dealer (TAD), authorised resellers, SME consultants and Unifi Contact Centre.
21	Can I downgrade to a lower speed?	• Yes, you can apply for a downgrade: ○ from Unifi SMART Internet current speed to another lower speed or ○ from Unifi SMART Internet to Unifi Biz packages.
22	My current Unifi SMART Internet subscription is still within contract period and I wish to downgrade to the new Unifi Biz plan. What will happen?	• Downgrading from Free Mesh Bundle plan to other plan with Free Mesh Bundle ○ You will be signing to a new 24-month contract ○ Your plan will be downgraded to a plan with almost similar feature. Example: Unifi SMART Internet 300Mbps with Free Mesh to Unifi Biz 300Mbps with Free Mesh. • Downgrading from Free Mesh Bundle plan to other plan without Free Mesh bundle ○ You will be signing to a new 24-month contract ○ There will be a penalty fee for your existing bundled Free Mesh, calculated based on the remaining months left in the contract ○ Your plan will be downgraded to a plan without a Free Mesh. Example: Unifi SMART Internet 300Mbps to Unifi Biz 30Mbps.
23	If I downgrade my Unifi SMART Internet to Unifi Biz, will my equipment (CPE) be replaced?	• CPE replacement is not required as your existing CPE will still be able to operate with Unifi Biz plan after the downgrade. • Should you require any CPE replacement or wish to seek further consultation, please contact us so we could assist you.
MESH WI-FI		
24	Is there a Mesh Wi-Fi option that	• Yes, Mesh Wi-Fi is available to be subscribed as an add-on or bundled depending on the current campaign promotions.

	comes with Unifi SMART Internet?	
25	How many Mesh Wi-Fi can I add on?	You may add on up to two (2) Mesh Wi-Fi per service.
26	What is the price of Mesh Wi-Fi add-on?	- You will have the following options to add on Mesh Wi-Fi: - Monthly Installment: RM25/month for 24 months - One-off Payment: RM450 as one-time charge
27	I already have a Wi-Fi 6 Mesh at my premises. Can Unifi SMART Internet Mesh work with Wi-Fi 6 Mesh?	We're sorry, the Unifi SMART Internet Mesh can only work with the SMART Residential Gateway (RG). The same goes with Wi-Fi 6 that is compatible to work with the same brand and model.
RELOCATION		
28	Can I relocate my Unifi SMART Internet plan to a new address?	Yes, you can relocate your service as long as the new address is within Unifi coverage and there is port available. <i>Note: You can only relocate Unifi SMART Internet service to areas with fibre infrastructure (FTTH).</i>
29	Are there any charges that I need to pay if I want to relocate my Unifi SMART Internet service?	- Relocation request can be made at any TMpoint/Unifi Store outlet and is subject to service availability at the new area. The relocation fee of RM300 shall be waived. - For internal relocation within the premises, there will be a relocation fee of RM300 for Entry Wall movement and RM200 without Entry Wall movement.
TRANSFER OF OWNERSHIP		
30	Are there any charges if I request for change of ownership for Unifi SMART Internet?	Yes, a change of ownership is subject to a one-off fee of RM10 per change request.
31	Where can I request for change of ownership?	You can request for change of ownership at any TMpoint/Unifi Store outlets nationwide. Both existing and new owners must be present with their respective NRICs and related documents.
UPFRONT PAYMENT		
32	Do I need to pay any upfront	A RM200 upfront payment is applicable for Non-Malaysians only.

	payment during the application?	The upfront payment will need to be made within 10 days from the date of your service activation. You will then be notified on your successful payment through SMS and the payment will be reflected in your next bill.
PAYMENT & BILLING		
33	When will I get my first bill after I have subscribed to the Unifi SMART Internet package?	The first bill can be expected around one (1) month after your service has been activated. The first bill will include a prorated package fee (current usage) and one (1) month advance payment.
34	Do I pay separate bills for the services bundled in the Unifi SMART Internet?	- All services offered under Unifi SMART Internet including Unifi TV for Business and Business Solution will be charged in a single bill. - A separate bill only applies to Unifi Mobile subscription.
35	Where can I pay my Unifi SMART Internet bill?	- You can pay your bill through the following payment channels: - MyUnifi app - Unifi Selfcare portal at http://selfcare.unifi.com.my/ - Any nearest TMpoint/Unifi Store or TM Authorised Dealer (TAD) outlets - POS Malaysia and branches of selected preferred online banking channels - For hassle-free payment transactions, it is highly recommended that you subscribe to TM Autopay service. - For the full list of our authorised bill payment channels, click here.
36	How do I retrieve my Unifi SMART Internet bill statement?	- e-Bill (softcopy) will be sent to your preferred email address, and it's FREE! - You can also view your monthly Unifi bills via MyUnifi app or Unifi Selfcare portal at https://selfcare.unifi.com.my
37	How do I change my email billing address?	- The easiest way for you to update your email billing address is through MyUnifi app or Unifi Selfcare portal at https://selfcare.unifi.com.my - Alternatively, you can chat with us via Live Chat at https://maya.unifi.com.my/ or send an email request to help@unifi.com.my.
ASSURANCE
